

# PROCEEDINGS OF THE NEW ZEALAND ECOLOGICAL SOCIETY

## AUTHOR INDEX VOLUMES 1-21

### ALLEN, K. R.

1954. The growth of accuracy in ecology. 2: 1.  
 1955. The classification of fresh-water habitats. 3: 24.  
 1957. Natural areas in the distribution of freshwater fish. 4: 14.  
 1959. The distribution of stream-bottom faunas. 6: 5.  
 1960. Effect of land development on stream bottom faunas. 7: 20.  
 1961. Relations between Salmonidae and native fresh-water fauna in New Zealand. 8: 66.  
 1962. Exploitation of fish populations. 9: 39.

### ATKINSON, I. A. E.

1959. See Druce, A. P. and Atkinson, I. A. E.  
 1960. Forest vegetation of the inner islands of the Hauraki Gulf. 7: 29.  
 1962. Semi-quantitative measurements of canopy composition as a basis for mapping vegetation. 9: 1.  
 1964. Relations between feral goats and vegetation in New Zealand. 11: 39.  
 1973. Protection and use of the islands in Hauraki Gulf Maritime Park. 20: 103.

### ATKINSON, I. A. E. and CAMPBELL, D. J.

1966. Habitat factors affecting saddlebacks on Hen Island. 13: 35.

### ATKINSON, I. A. E. and GREENWOOD, R. M.

1972. Effects of the 1969/70 drought on two remnants of indigenous lowland forest in the Manawatu district. 19: 34.

### BALHAM, R. W.

1969. The teaching of ecology at university level. 16: 76.

### BAMFORD, J.

1970. Evaluating opossum poisoning operations by interference with non-toxic baits. 17: 118.

### BARRATT, Beryl C.

1966. Factors of mull and mor development in temperate grasslands. 13: 24.

### BARTON, I. L.

1972. The practice of forestry within Auckland's operating water catchments. 19: 46.

### BARY, B. M.

1957. Plankton. 4: 28.

### BATCHELER, C. L.

1957. See Riney, T. and Batcheler, C. L.  
 1967. Preliminary observations of alpine grasshoppers in a habitat modified by deer and chamois. 14: 15.  
 1968. Compensatory response of artificially controlled mammal populations. 15: 25.

1973. Estimating density and dispersion from truncated or unrestricted joint point-distance nearest-neighbour distances. 20: 131.

### BATCHELER, C. L. and BELL, D. J.

1970. Experiments in estimating density from joint and nearest neighbour distance samples. 17: 111.

### BATHAM, E. J.

1953. A conception of biological communities. 1: 5.

### BAUMGART, I. L.

1957. The delineation of natural areas—soils. 4: 7.  
 1952. The soils of Western Taupo. *N.Z. Sc. Rev.* 10: 88.

### BAYLIS, G. T. S.

1952. Some aspects of plant ecology on islands. *N.Z. Sc. Rev.* 10: 85.  
 1957. An attempt to measure local variations in climate with improvised apparatus. 4: 41.  
 1959. An example of winter injury to silver beech at moderate altitude. 6: 21.

### BELL, D. J.

1970. See Batcheler, C. L. and Bell, D. J.

### BELL, R. A. I.

1966. A miniature thermophotometer for lake and marine ecology. 13: 44.

### BENZIE, Vivienne

1968. Some ecological aspects of the spawning behaviour and early development of the common whitebait. 15: 31.

### BERGQUIST, P. L.

1960. The marine algal ecology of some islands of the Hauraki Gulf. 7: 43.

### BEVERIDGE, A. E. and DANIEL, M. J.

1966. A field trial of a new rat poison compound—S-6999 on brown rats. 13: 40.

### BIGELOW, R. S.

1971. Population pressure and the physical and cultural evolution of modern man. 18: 5.

### BOFFA, F. D.

1972. The environment thing. 19: 30.

### BRAY, J. R.

1971. Climatic change and atmospheric pollution. 18: 38.

### BROCKIE, R. E.

1957. The hedgehog population and invertebrate fauna of the West Coast sand dunes. 5: 27.

### BRODIE, J. W.

1957. Marine geology of Cook Strait. 4: 27.

### BROUGHAM, R. W.

1966. Aspects of light utilisation, leaf development

- and senescence and of grazing on grass—legume balance and productivity of pastures. 13: 58.
- BULL, P. C.**  
 1952. Birds and mammals of Western Taupo. *N.Z. Sc. Rev.* 10: 91.  
 1957. Changing incidence of parasites in a declining rabbit population. 5: 11.  
 1959. Birds of the Hutt Valley. 6: 52.
- BULLOCK, B. T.**  
 1973. A low altitude snow tussock reserve at Black Rock, Eastern Otago. 20: 41.
- BULL, P. C. and TAYLOR, R. H.**  
 1956. The influence of host age in parasitism of wild rabbits. 3: 29.
- BULL, R. M.**  
 1967. See Caithness, T. A., Williams, M. J. and Bull, R. M.
- BURRELL, Juliet and MARK, A. F.**  
 1966. See Mark, A. F. and Burrell, Juliet.
- BURROWS, C. J. and DOBSON, A. T.**  
 1972. Mires of the Manapouri—Te Anau lowlands. 19: 75.
- CAITHNESS, T. A. and PENGELLY, W. J.**  
 1973. Use of Pukepuke Lagoon by water fowl. 20: 1.
- CATHNESS, T. A., WILLIAMS, M. J. and BULL, R. M.**  
 1967. Birds and aircraft: a problem on some New Zealand airfields. 14: 58.
- CALDER, J. W. and WARDLE, P.**  
 1969. Succession in subalpine vegetation at Arthur's Pass, New Zealand. 16: 36.
- CAMERON, R. J.**  
 1964. The exploitation of indigenous forests. 9: 50.
- CAMPBELL, A. P.**  
 1963. Methods of obtaining hydrological evidence on climatic change. 10: 24.
- CAMPBELL, D. J.**  
 1966. See Atkinson, I. A. E. and Campbell, D. J.
- CAMPBELL, P. A.**  
 1973. The feeding behaviour of the hedgehog (*Erinaceus europaeus* L.) in pasture land in New Zealand. 20: 35.
- CARNAHAN, J. A.**  
 1957. Botany of the Manawatu sand country. 5: 17.  
 1961. Ecological interaction between introduced and indigenous plant species in the Manawatu district. 8: 15.
- CASSIE, R. M.**  
 1953. Factors in the control of a sea fishery. 1: 20.  
 1957. The sampling problem with particular reference to marine organisms. 4: 37.  
 1957. Shallow water diving in marine ecology. 5: 4.  
 1960. Hydrology of Hauraki Gulf. 7: 40.  
 1969. Multivariate analysis in ecology. 16: 53.
- CHALLIES, C. N.**  
 1974. Trends in red deer (*Cervus elaphus*) populations in Westland forests. 21: 45.
- CHAPMAN, V. J.**  
 1959. Changes in salt-marsh vegetation. 6: 24.
- CHRISTIE, A. H. C.**  
 1964. A note on chamois in New Zealand. 11: 32.  
 1967. The sensitivity of chamois and red deer to temperature fluctuations. 14: 34.
- CHUA, Siew**  
 1972. See Daly, G. T., Smith, B. E. and Chua, S.
- COTTIER, W.**  
 1954. Population growth in some introduced insects in New Zealand. 2: 10.
- COULTER, J. D.**  
 1966. Dry spells in New Zealand as a factor in plant ecology. 13: 4.  
 1967. Mountain climate. 14: 40.
- COUPER, R. A.**  
 1953. See McQueen, D. R. and Couper, R. A.
- COWIE, J. D.**  
 1957. The soils of the Manawatu sand country. 5: 15.
- COX, J. E. and MEAD, C. B.**  
 1963. Soil evidence relating to post-glacial climate on the Canterbury Plains. 10: 28.
- CROKER, B.**  
 1957. Autecology and the New Zealand flora. 4: 39.
- CROOK, I. G.**  
 1972. Engineering and conservation in the Snowy Mountains, Australia. 19: 16.  
 1973. The tuatara, *Sphenodon punctatus* Gray, on islands with and without populations of the Polynesian rat, *Rattus exulans* (Peale). 20: 115.
- CRUSH, J. R.**  
 1972. See Mark, A. F., Crush, J. R. and Muerk, C. D.
- CULLIFORD, P. J.**  
 1953. The occurrence of fungal associations in New Zealand soils. 1: 21.
- CUMBER, R. A.**  
 1961. The interaction of native and introduced insect species in New Zealand. 8: 55.
- CUNNINGHAM, B. T.**  
 1957. The coastal dune lakes. 5: 22.
- CUTLER, E. J. B.**  
 1965. Some pedological factors of importance to the pasture ecosystem in the South Island. 13: 65.
- DALY, G. T.**  
 1967. Ordination of grassland and related communities in Otago. 14: 63.  
 1970. Bryophyte and lichen indicators of air pollution in Christchurch, New Zealand. 17: 70.
- DALY, G. T., SMITH, B. E. and SIEW CHUA**  
 1972. Carbon and nitrogen fixation in rhizomatous species of *Coriaria*. 19: 65.
- DANIEL, M. J.**  
 1970. Bat sightings on Kapiti Island, New Zealand, 1906-1969. 17: 136.  
 1973. Seasonal diet of the ship rat (*Rattus r. rattus*) in lowland forest in New Zealand. 20: 21.
- DANIEL, M. J.**  
 1966. See Beveridge, A. F. and Daniel, M. J.
- DAWBIN, W. H.**  
 1954. Subantarctic marine food cycles and their relation to discontinuous plankton concentrations. 2: 19.

**DAWSON, E. W.**

1965. Oceanography and marine zoology of the New Zealand subantarctic. 12: 44.

**DAWSON, J. E.**

1963. Origins of New Zealand alpine flora. 10: 12.

**DE LISLE, J. F.**

1965. The climate of the Auckland Islands, Campbell Island and Macquairie Island. 12:37.

**DELL, R. K.**

1956. Marine environments. 3: 25.

1957. Natural areas in New Zealand—land snails. 4: 13.

1959. Some ecological aspects of the Hutt Valley as an animal habitat. 6: 49.

**DOBSON, A. T.**

1973. Changes in the structure of a riparian community as the result of grazing. 20: 58.

**DOUGLAS, J. A.**

1970. The Cockayne plots of Central Otago. 17: 18.

**DOUGLAS, R. T.**

1972. Air pollution in New Zealand. 19: 23.

**DRUCE, A. P.**

1960. Vegetation pattern in North Island mountains. 7: 16.

1952. The vegetation of western Taupo. *N.Z. Sc. Rev.* 10: 89.

**DRUCE, A. P. and ATKINSON, I. A. E.**

1959. Forest variation in the Hutt catchment. 6: 41.

**DUNBAR, G. A.**

1970. Sowing native tussock species in high altitude vegetation trials. 17: 25.

1971. The effectiveness of some herbaceous species for montane and subalpine re-vegetation. 18: 48.

1974. The influence of fertiliser and ground cover on growth and survival of tussock species on mountain sub-soils. 21: 51.

**DUNCAN, K. W.**

1972. A modification to Lefkovich's index of spatial distribution. 19: 158.

**ESLER, A. E.**

1963. The influence of pre-European fires in the Tiritea catchment, Northern Tararua. 10: 8.

1969. Manawatu sand plain vegetation. 16: 32.

1970. Manawatu sand dune vegetation. 17: 41.

1970. See Mark, A. F. and Esler, A. E.

1974. Vegetation of the sand country bordering the Waitakere Range, Auckland: the southern beaches. 21: 72.

**FALLA, R. A.**

1953. Change and adjustment in plant and animal communities. 1: 3.

1956. Some reflections on the training of an ecologist. 3—Presidential address.

1957. Ecological aspects of Antarctic biology. 4—Presidential address.

1957. Birds of the sand country. 5: 24.

1962. Exploitations of seals, whales and penguins in New Zealand. 9: 34.

1965. Birds and mammals of the subantarctic islands. 12: 63.

**FENEMORE, P. G.**

1966. Effects of grass grub infestations on pasture. 13: 75.

**FISH, G. R.**

1963. Limnological conditions and growth of trout in three lakes near Rotorua. 10: 1.

**FISHER, F. J. F.**

1960. Comparative physiology of ecological races in *Mimulus*. 7: 17.

**FLEMING, C. A.**

1952. Historical factors affecting the ecology of isolated areas. *N.Z. Sc. Rev.* 10: 86.

1954. Geological history. 2: 16.

1957. Biogeography of Cook Strait seabirds. 4: 33.

1963. Age of the alpine biota. 10: 15.

1963. Evidence for ecologically significant changes in climate during the post-glacial period in New Zealand. 10: 48.

**FORDHAM, R. A.**

1968. Dispersion and dispersal of the Dominican gull in Wellington, New Zealand. 15: 40.

**FORDHAM, R. A. and OGDEN, J.**

1974. An ecological approach to New Zealand's future. 21: (Supplement).

**FORSTER, R. R.**

1956. Terrestrial environments in New Zealand. 3: 23.

**FRANKLIN, D. A.**

1974. Beech (*Nothofagus*) silviculture in the South Island. 21: 17.

**GALLOWAY, D. J.**

1966. Vegetation studies on the Humboldt mountains, Fiordland. Part 2. The Lichens. 13: 19.

**GARNER, D. M.**

1957. Physical oceanography of Cook Strait. 4: 28.

**GARRICK, J. A. F.**

1957. Sharks and rays of Cook Strait. 4: 29.

**GIBB, J. A.**

1961. Ecology of the birds of Kaingaroa forest. 8: 29.

1968. The evolution of reproductive rates: are there no rules? 15:1.

**GIBBS, H. S.**

1959. Notes on the soils of the Hutt Valley. 6: 35.

**GIBBS, G. W.**

1973. Cycles of macrophytes and phyto-plankton in Pukepuke Lagoon following a severe drought. 20: 13.

**GILLHAM, M. E.**

1957. Ecology of some New Zealand seabird colonies. 5: 9.

**GILL, B. J.**

1973. Distribution and habits of the brown tree frog *Litoria ewingi* Dumeril and Bibron in the Manawatu-Rangitikei region. 20: 31.

**GILMORE, D. P.**

1965. Food of the opossum (*Trichosurus vulpecula*) in pastoral lands of Banks Peninsula, Canterbury. 12: 10.

- GODLEY, E. J.**  
1965. Notes on the vegetation of the Auckland Islands. 12: 57.
- GRANT-MACKIE, J. A.**  
1960. Outline geology of the Inner Islands of the Hauraki Gulf. 7: 23.
- GRANT-TAYLOR, T. L.**  
1959. Geology of the Hutt Valley. 6: 31.
- GREENWOOD, R. M.**  
1972. See Atkinson, I. A. E. and Greenwood, R. M.
- HARVIE, Alice E.**  
1973. Diet of opossum (*Trichosurus vulpecula* Kerr) on farmland north-east of Waverley, New Zealand. 20: 48.
- HARRIS, G. P.**  
1959. See Morrison, T. M. and Harris, G. P.
- HARRIS, W.**  
1968. Environmental effects on the sex ratio of *Rumex acetosella* L. 15: 51.  
1970. Competition effects on yield and plant and tiller density in mixtures of ryegrass cultivars. 17: 10.
- HARRIS, W. F.**  
1959. Pollen-bearing deposits and forest history. 6: 46.  
1963. Paleo-ecological evidence from pollen and spores. 10: 38.
- HAYWARD, J.**  
1970. See Wardle, J. and Hayward, J.
- HEALY, A. J.**  
1954. Population fluctuations in adventive plant species in New Zealand. 2: 8.  
1961. The interaction of native and adventive plant species in New Zealand. 8: 39.
- HEALY, J.**  
1963. Geology of the Rotorua district. 10: 53.
- HERCUS, B. H.**  
1964. Sheep in the tussock grasslands. 11: 36.
- HIRSCH, A.**  
1957. Biological aspects of water pollution and water supply problems 5: 6.
- HOBBS, D. F.**  
1954. Do newly introduced species present a separate problem? 2: 12.
- HOCKING, G. H.**  
1957. Forestry in relation to sand country ecology. 5: 19.
- HOLLOWAY, J. T.**  
1956. Forestry in relation to the tussock grasslands. 3: 16.  
1964. General trends in forest modification by introduced animals. 11: 24.
- HOWARD, W. E.**  
1957. Ecology of rabbits in New Zealand compared with California rodents. 5: 13.  
1964. Modification of New Zealand's flora by introduced mammals. 11: 59.
- HOY, J. M.**  
1964. The effects of insects on natural vegetation. 11: 56.
- IMBER, M. J.**  
1970. See Williams, M. and Imber, M. J.
- JAMES, I. L. and WALLIS, F. P.**  
1969. A comparative study of the effects of introduced mammals on the *Nothofagus* forest at Lake Waikareiti. 16: 1.
- JAMES, I. L.**  
1974. Mammals and beech (*Nothofagus*) forests. 21: 41.
- JENKINS, P. F.**  
1969. A fresh approach to the teaching of ecology in New Zealand high schools. 16: 68.
- JOHANNESSEN, J. K.**  
1959. Aspects of hydrology in the Hutt Valley. 6: 39.
- JOHNSON, P. N.**  
1972. Applied ecological studies of shoreline vegetation at Lakes Manapouri and Te Anau, Fiordland. Part 1: Vegetation of Lake Manapouri shoreline. 19: 102.  
Part 2: The lake edge flora—habitats and relations to lake levels. 19: 120.  
1972. See Mark, A. F. and Johnson, P. N.
- JOLLY, V. H.**  
1957. Thermal stratification in some New Zealand lakes. 4: 43.
- KEAN, R. I.**  
1967. Behaviour and territorialism in *Trichosurus vulpecula*. 14: 71.  
1971. Selection for melanism and for low reproductive rate in *Trichosurus vulpecula* (Marsupialia). 18: 42.
- KELSEY, J. M.**  
1956. Insects attacking tussock. 3: 14.
- KIKKAWA, J.**  
1960. The seasonal change of bird populations in a modified South Island habitat. 7: 11.
- KINSKY, F. C.**  
1959. The Northern Blue Penguin (*Eudyptula minor Novaehollandiae*) in Wellington Harbour. 6: 12.
- KIRKLAND, A.**  
1974. New Zealand Forest Service proposals for management and use of South Island beech forests. 21: 1.
- KNOX, G. A.**  
1952. Methods of estimating populations of marine organisms. *N.Z. Sc. Rev.* 10: 80.  
1965. The subantarctic islands: past, present and future. 12: 69.
- LAMBRECHTSEN, N. C.**  
1967. See O'Connor, F. K. and Lambrechtsen, N. C.
- LANE, E. D.**  
1964. Brown trout (*Salmo trutta*) in the Hinds River. 11: 10.
- LAVERS, R. B.**  
1973. Aspects of the biology of the ferret, *Mustela putorius forma furo* L. at Pukepuke Lagoon. 20: 7.
- LEE, K. E.**  
1953. The distribution of animals. 1: 14.

1957. Natural areas in New Zealand—earthworms. 4: 12.
1961. Interactions between native and introduced earthworms. 8: 60.
1964. Some aspects of soil ecology. 11: 63. Presidential Address.
- LITTLEWOOD, G. E.**  
1972. Resource development by Comalco in New Zealand and Australia. 19: 13.
- LONGHURST, A. R.**  
1959. The sampling problem in benthic ecology. 6: 8.
- LOUTIT, Margaret**  
1972. Problems in studying microbial ecology. 19: 43.
- LOWE, A. D.**  
1966. Some effects of weather on aphids in crops and pastures in Canterbury, New Zealand. 13: 86.
- McCANN, Y. M.**  
1957. The distribution of New Zealand reptiles. 4: 15.
- MacINTYRE, D.**  
1971. The urban community and natural resources—Opening Address. 18: 1.
- McKENZIE, D. W.**  
1959. The geographer and the Hutt Valley. 6: 58.
- McKENZIE, Margaret K.**  
1960. Fish of the Hauraki Gulf. 7: 45.  
1964. The distribution of tuna in relation to oceanographic conditions. 11: 6.
- McNEIL, R. J.**  
1964. Interactions between man, deer and vegetation in Michigan. 11: 44.
- McCOLL, Pauline H.**  
1974. The arthropods of the floors of six forest types on the West Coast, South Island, a preliminary report. 21: 11.
- McQUEEN, D. R.**  
1961. Indigenous—induced vegetation and *Pinus radiata* plantations on volcanic ash soils. 8: 1.
- McQUEEN, D. R. and COUPER, R. A.**  
1953. New Zealand Pliocene and Pleistocene climates; evidence from fossil floras. 1: 18.
- MANSON, B. R.**  
1974. The life history of silver beech (*Nothofagus menziesii*). 21: 27.
- MARK, A. F.**  
1968. Factors controlling irregular flowering in four alpine species of *Chinochloa*. 15: 55.  
1972. Applied ecological studies of shoreline vegetation at Lakes Manapouri and Te Anau, Fiordland. General introduction. 19: 100.
- MARK, A. F. and BURRELL, Juliet**  
1966. Vegetation studies on the Humboldt mountains, Fiordland, Part 1: The Alpine Tussock Grasslands. 13: 12.
- MARK, A. F., CRUSH, J. R. and MEURK, C. D.**  
1972. Applied ecological studies of shoreline vegetation at Lakes Manapouri and Te Anau, Fiordland, Part 3: Vegetation of the Lake Te Anau shoreline. 19: 143.
- MARK, A. F. and ESLER, A. E.**  
1970. An assessment of the point-centred quarter method of plotless sampling in some New Zealand forests. 17: 106.
- MARK, A. F. and JOHNSON, P. N.**  
1972. Applied ecological studies of shoreline vegetation at Lakes Manapouri and Te Anau, Fiordland, Part 4: Recommendations. 19: 155.
- MARK, A. F. and SANDERSON, F. R.**  
1962. The altitudinal gradient in forest composition, structure and regeneration in the Hollyford Valley, Fiordland. 9: 17.
- MARK, A. F. and SMITH, P. M. F.**  
1962. A frost-tolerant porous-pot evaporimeter. 9: 13.
- MARPLES, B. J.**  
1960. Some temporary ponds near Sutton, Otago. 7: 22.
- MARPLES, Mary J.**  
1966. Some observations on the ecology of *Candida albicans*. 13: 29.
- MEAD, C. B. and COX, J. E.**  
1963. Soil evidence relating to post-glacial climate on the Canterbury Plains. 10: 28.
- di MENNA, M.**  
1956. See Thornton, R. H., Stout, J. D. and di Menna, M.
- MEURK, C. D.**  
1972. See Mark, A. F., Crush, J. R. and Meurk, C. D.  
1973. Shoreline forests of Lake Te Anau, Fiordland. 20: 96.
- MIERS, K. H.**  
1962. Herd composition and effective reproduction of Wapiti (*Cervus canadensis*) of eastern Fiordland. 9: 31.
- MILLENER, L. H.**  
1953. How old is the vegetation on Rangitoto Island. 1: 17.
- MILLIGAN, R. H.**  
1974. Insects damaging beech (*Nothofagus*) forests. 21: 32.
- MILLER, R. B.**  
1966. The study of ecosystems. 13: 49.
- MILLS, J. A.**  
1973. Some observations on the effects of field applications of fensulfothian and parathion on bird and mammal populations. 20: 65.
- MITCHELL, K. J.**  
1966. Structure of vegetation in relation to energy exchange. 13: 52.
- MOLLOY, B. P. J.**  
1970. Bankside—a new scientific reserve on the Canterbury Plains. 17: 47.  
1971. Possibilities and problems for nature conservation in a closely settled area. 18: 25.
